**LET US GET RID OF OUR CHRISTMAS
GAINED KILOS!
WITH A WALK ABOVE MURI**

An easy flat walk of about 1 ½ hours on the beautiful plateau above Muri. The view is spectacular into the Alps and the Jura. Especially if we are above the “Nebelgrenze”! The meeting is scheduled on purpose at 12 o’clock! If there is fog, there will be lots of walkers enjoying the sun above it! Drive to Muri. At the first roundabout (Coop in front of you) turn right and follow the signs towards Geltwil and then towards Hämikon Berg. (Approx. 15 minutes.)

There is quite a big parking lot opposite the Gasthaus Hämikerberg. Try to drive together in less cars.

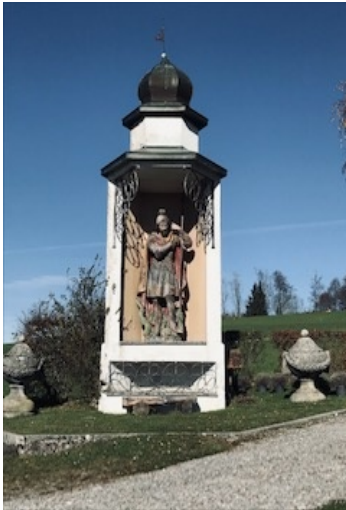

From there, we will walk over the plateau which also features a rather

large cross-country skiing area if snowed in.

After coming back, we can enjoy a drink and snack at the

Gasthaus Hämikerberg.
