

Visit to Schloss Habsburg

Saturday 3rd June 23 14.30h

Schloss Habsburg – Stammschloss der Habsburger
Schlossgasse 30

The schloss has a marked walk around the grounds giving information about the history of the castle after which a visit inside the castle shows exhibits giving an insight into the building of the castle and daily life in the Middle ages.

We meet in the parking ground of the castle at 14.30h to explore the castle by following the signposted route. No tour has been organised as much information is available and we will be able to explore together or anyone can feel free to go off alone. There is no entrance fee.

After an hour (at the most) we will meet in the restaurant for refreshments.
